Summit News

Aspen/Snowmass, Colorado

February 27-March 6, 2021

Aspen is a ski resort comprised of four mountains: Aspen, Snowmass, Aspen Highlands, and Buttermilk. The National Brotherhood of Skiers 2022 Summit will be based at the largest of the four, Snowmass. Lift tickets are interchangeable at all four locations.

Covid Caution:

Airlines, as well as resorts, are requiring proof of Covid 19 vaccination and/or negative Covid testing (within a certain time frame). Although the NBS has not mandated vaccinations, it is imperative that you consider how you will navigate your travel as requirements may be imposed. There has been discussion by many clubs, and some are requiring proof of vaccination to ride their charter bus and/or for lodging purposes. We suggest you prepare yourself for these possible requirements for airline travel and as a guest at the mountain resort. As part of your travel, be prepared to show proof of immunization or proof of a negative Covid test for your travel needs. It is best to check with your airline carrier prior to travel. It is also good to explore various venues at Snowmass that may require the same.

Yes - Covid 19 is still prevalent, and we must practice the best guidelines for the health and safety of ALL. Bring your masks, sanitizer, and practice CDC guidelines and recommendations. Remember each locality has different guidelines. It is best to become familiar with expectations of travel to destinations. Be prepared to wear masks indoors, on planes, on public transportation, and in large groups. Do not wait to the last minute to prepare for Covid 19 compliance requirements that may be required.

Stay safe and healthy!
