

Summit 2016 News

Heavenly, CA

February 27 — March 5, 2016

Overlooking the sapphire-blue waters of Lake Tahoe, Heavenly ski resort is one of the most unique snowsports destinations on the planet. With a higher elevation and the most skiable terrain in Tahoe, you have more hidden glades to explore and groomers to rip than any Lake Tahoe resort. Off the slopes you'll find more activities and après ski choices than you know what to do with.

Heavenly Mountain Resort is the host resort for AMCC 2016. All multi-day lift tickets are fully interchangeable at Heavenly Mountain Resort, Northstar California, and Kirkwood Mountain Resort in which you are free to ski, but you will have to find your own transportation.
